COMPANY OVERVIEW

Ben Campbell
Owner & Principal

Painting Federal is the government, defense, and industrial coatings division of Campbell Painting & Drywall—a third-generation, family-owned Alaskan contractor with roots reaching back to 1955, when the Campbell family opened Alaska's first Benjamin Moore paint store, Ralph's Paint Shop.

Founded in 2006 and led by owner Ben Campbell since 2010, our enterprise brings 20 years of proven execution across 11 crews, 35+ W-2 employees, zero subs, and a 30% Alaska Native workforce serving 47 Alaska and Pacific hubs.

As 1 of only 2 CMMC Level 1 compliant painting contractors in Alaska, we deliver turnkey federal readiness backed by SAM.gov active registration, DBIDS base clearances, USACE EM 385-1-1 & C**Q**M quality control, EPA RRP Lead certification, EMR Below 1.0, and an owned lift, sprayer, and containment fleet.

Mission Statement: "Painting the World!"

Core Values: Efficient • Accountable • Resourceful • Team-Player • Hard-Working

Procurement: SAM.gov Active | AK Lic #958994 | CAGE / UEI & Bonding: Furnished Upon Request

Primary NAICS: 238320 (Painting) • 238310 (Drywall) • 238990 • 236220 • 561720

USCG BASE KODIAK
COAST GUARD FACILITY

BLDG N1 HIGH-BAY, NFPA FIRE PIPING & USACE DAILY JHA

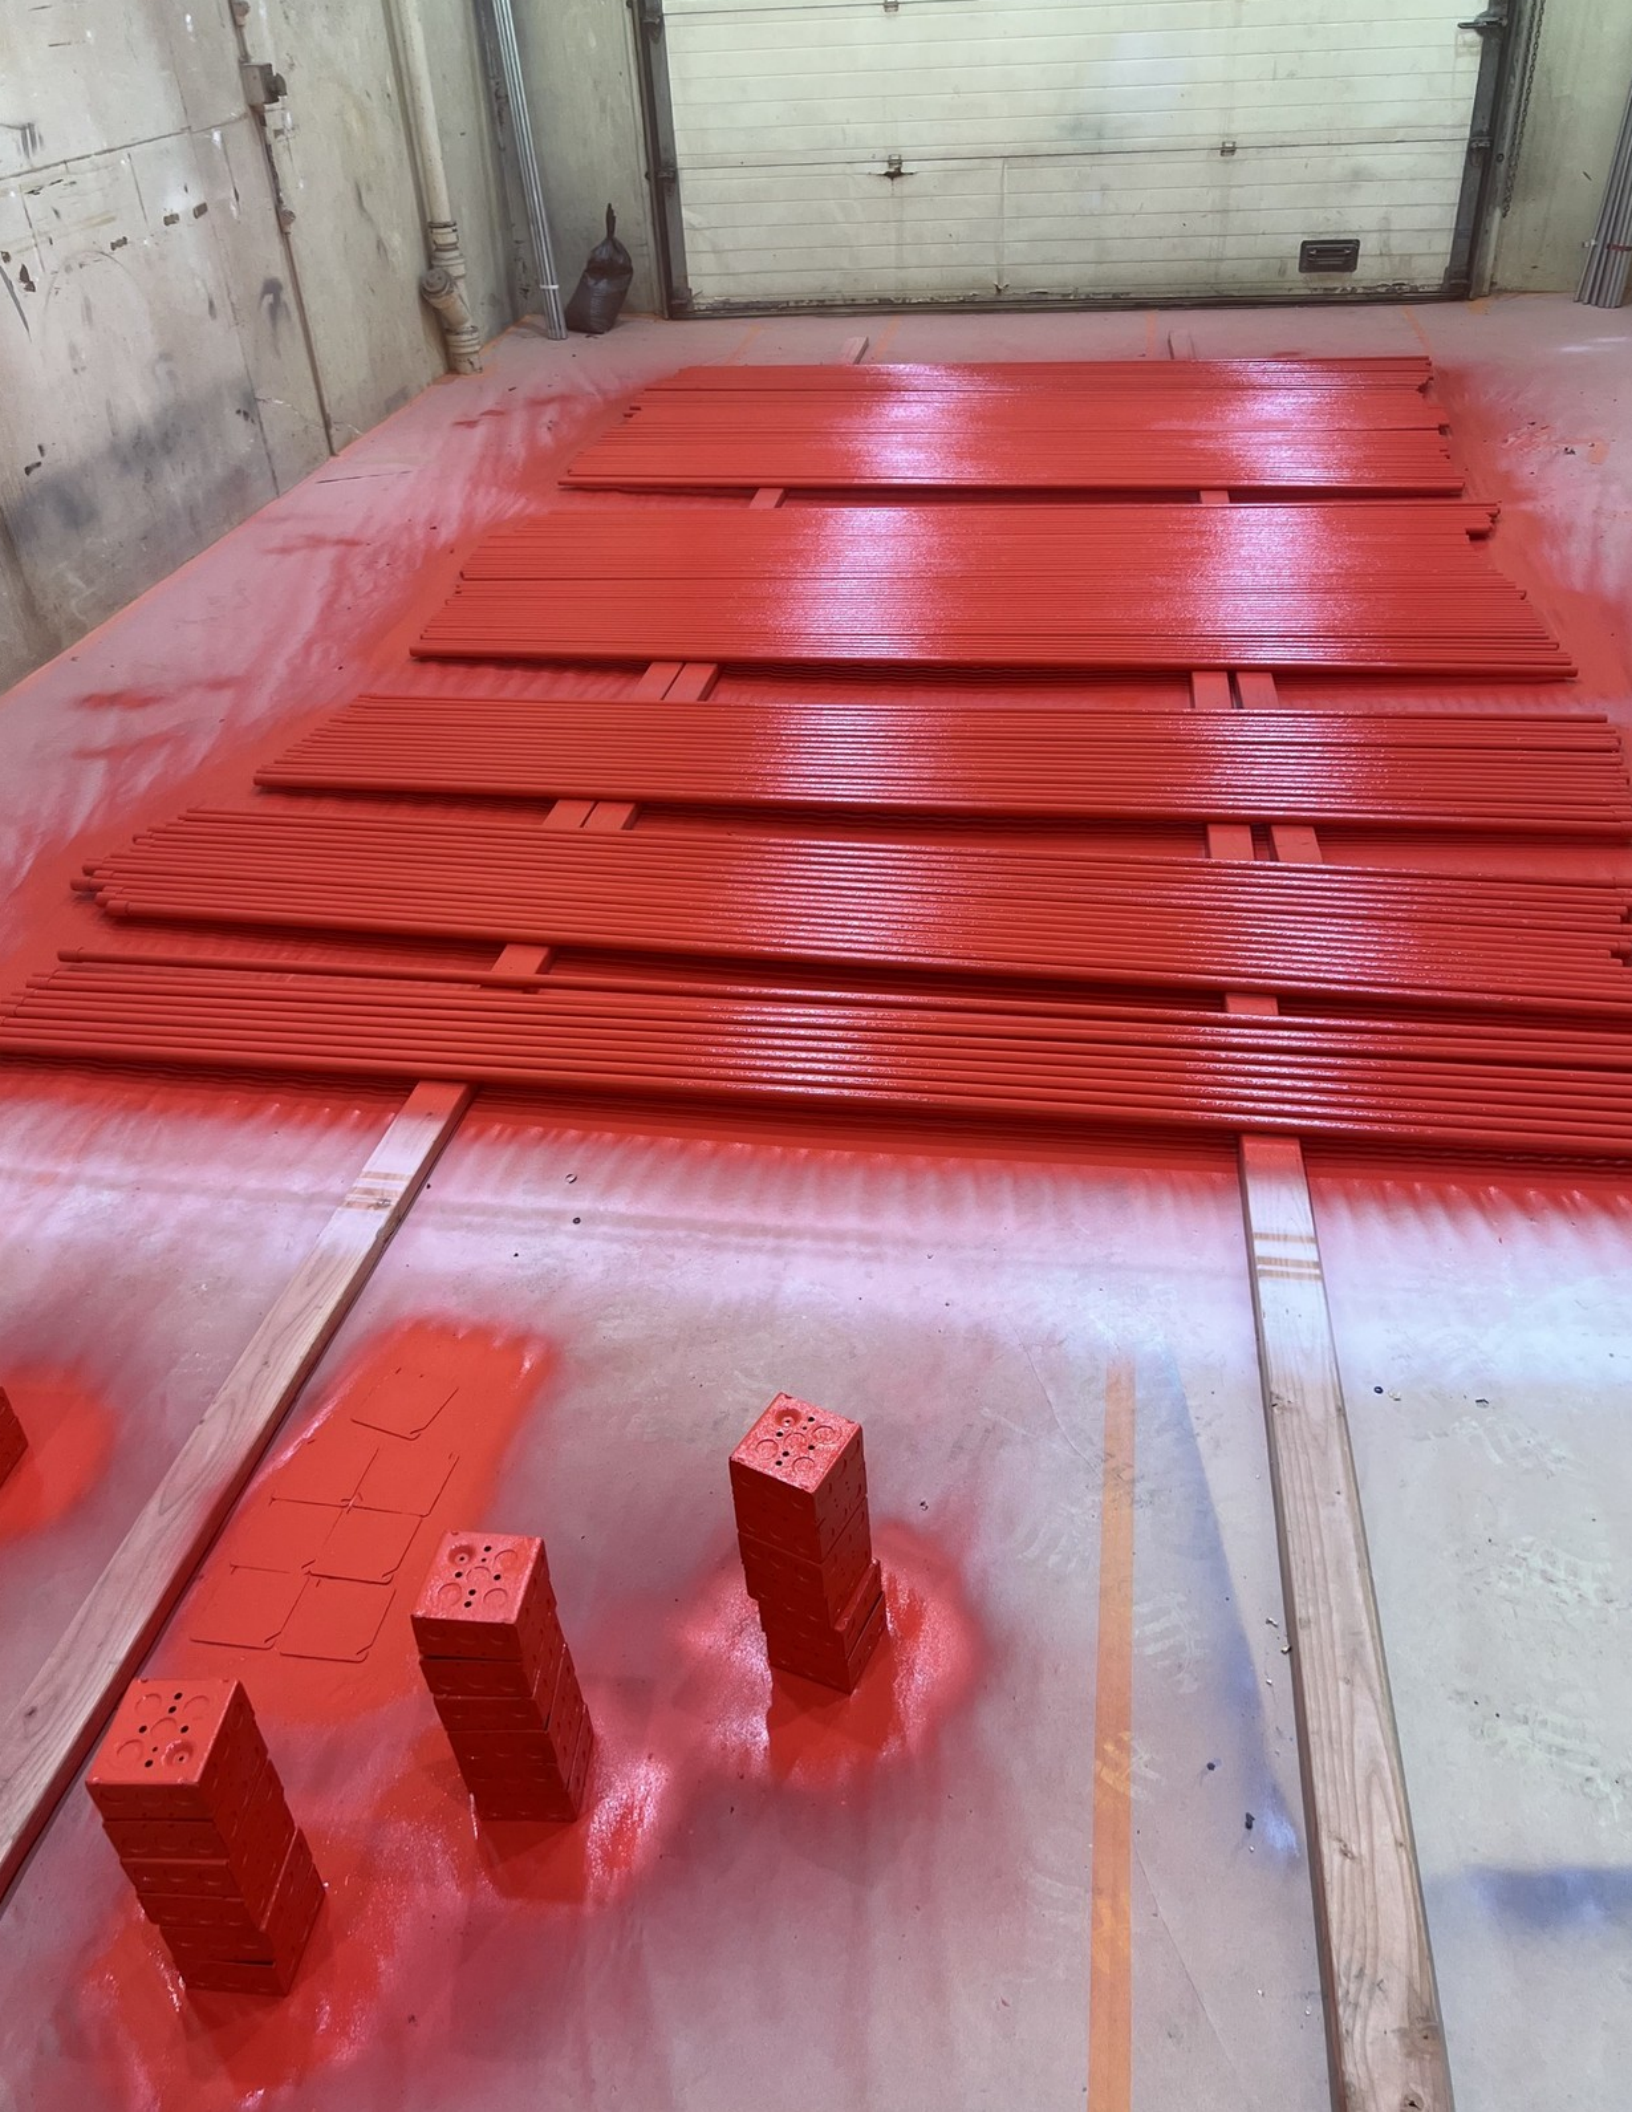
CORE COMPETENCIES

Federal Interior, SCIF & Judicial Coatings (UFGS 09 90 00):
Zero-VOC, antimicrobial, acoustic, and chemical-resistant architectural coating systems engineered for active SCIF rooms (JBER), FAA Air Route Traffic Control Centers, military barracks, and judicial courthouses under strict escort and FOD protocols.

Drywall Installation, Taping & Level 5 Finishing (NAICS 238310):
Full-cycle commercial and defense drywall packages including heavy-gauge patching, metal framing repairs, precision taping, mudding, acoustic textures, and seamless Level 5 finishing by 100% in-house W-2 crews—proven on 1,000+ sheet remote defense deployments.

High-Bay Structural Steel, Overhead Utility & Fire Piping:
SSPC/AMPP surface preparation, moisture-cured urethanes, industrial epoxies, blackout acoustic structural ceilings, spiral HVAC ductwork, rack-sprayed electrical conduit, and NFPA safety-red fire suppression piping (USCG Base Kodiak Bldg N1).

DANGER
HIGH
VOLTAGE



CORE COMPETENCIES

CMMC Level 1 Cyber, DBIDS & USACE EM 385-1-1 Compliance:
As 1 of only 2 CMMC Level 1 compliant painting contractors in Alaska protecting Federal Contract Information (FCI), our DBIDS-cleared crews execute under USACE C**Q**M Three-Phase inspections, daily JHAs, OSHA 30 supervision, and EMR Below 1.0.

Severe-Weather Envelopes & EPA RRP Lead Abatement:
Elastomeric masonry waterproofing, sub-zero Arctic urethanes, hurricane-grade salt-fog exterior barriers, and EPA RRP Certified Lead Renovator negative-air HEPA containment for occupied military housing turns and historic federal facilities.

Remote Pacific Barge, Military Airlift & 47-Hub Logistics:
Turnkey Connex staging from Anchorage H**Q** across 47 Alaska and OCONUS hubs—including Wake Island USAF, USCG Base Kodiak, JBER, Eielson AFB, Fort Wainwright, Fort Greely, Clear SFS, Shemya, King Salmon, Galena, Dutch Harbor, and Prudhoe Bay.

CAMPBELL
PAINTING & DRYWALL

PAST PERFORMANCE

USCG Base Kodiak (Bldg N1) – High-bay interior walls, blackout structural ceilings, spiral HVAC ductwork & NFPA red fire piping under USACE JHA controls.

Wake Island Airfield (USAF Bldgs 1117, 1118, 1120) – OCONUS Pacific mobilization; 1,000+ drywall sheets finished plus salt-fog exterior barriers on schedule.

JBER SCIF Space (Anchorage, AK) – Escorted zero-VOC interior coating and Level 5 finishing inside active secure military intelligence facilities.

U.S. Department of Fish & Wildlife – Interior & exterior protective coatings across 200,000+ sq. ft. of federal facilities.
(Reference: Tom Gittens, 907-229-3806)

FAA Anchorage ARTCC – Specialized protective coatings for mission-critical 24/7 Air Route Traffic Control Center infrastructure.

Palmer Courthouse (Alaska Judicial System) – Complete phased interior and exterior protective repainting of active judicial complex.
(Reference: Brian Roberts, 907-444-7699)

Alaskan Pioneer Log Home (Nancy Lake, AK) – Restored and finished luxury cedar log home; National APC Top Job Award Winner 2024.
(Reference: Even Harding, 907-350-1860)

PAINT IT FORWARD

GIVING BACK TO OUR COMMUNITY

Every year, Campbell Painting & Painting Federal bring the Anchorage community together through our Paint It Forward program. This annual initiative provides a completely free professional paint makeover to a deserving family, individual, or non-profit facility.

We invite the community to nominate recipients—whether a homeowner facing hardship, a local charity making a difference, or a youth facility in need of care. Our W-2 crews donate their time and craft alongside local suppliers to deliver lasting transformation.

Past projects include family residences, charity centers, and an elementary school hockey rink—living out our mission "Painting the World!" and our five Core Values: Efficient, Accountable, Resourceful, Team-Player, and Hard-Working.
